

REALISE & RESPOND ...

Dear Bhagavad Bandhus !

Srimathe Narayanaya Namaha
Mangalasanams !

Lord's ways are mysterious. Unimaginable. We should resort to His grace, follow the rules He ordained through the Sa:sthras, do our own duties and fulfill our responsibilities to the best extent possible, in tune with Sasthras, as His service.

It is necessary to protect and develop His holy abodes (Divya Desas) without sacrificing the sanctity and originality, without distorting the glorious History they have, wonderful traditions they have, in best service to the devotees. If we can't do, then, atleast we should maintain them 'status quo'.

His potential is infinite and no body can stand before His Divine wish which can unquestionably turn down any great personalities when they pay least attention to their minimum duties/responsibilities. Elections conducted in the recent past stand as an example for this. Totally unexpected results. Lord's decision resulted, irrespective of their innumerable efforts and huge exercises.

Concerned authorities and the Governments responsible for the destructions and ruin of Tirumala Temple had to take leave. Atleast now, the present Governments have to take appropriate action in protecting the sanctity of the Temple and the age old tradition of the temple. However, Lord decides the future.

It is so unfortunate that, TTD authorities haven't yet stopped the destruction process on the holy Hill Tirumala. Everybody is silently witnessing it, rather, they are busy with their own commitments and businesses. Lakhs of devotees are visiting the holy Hill temple, observing the destruction but, no body is dare enough to ask why. They are least bothered about this.. Everybody is in hurry for the darsan, to offer their prayer, take Prasadams and go. They are more worried about their deals with God, their own needs etc., rather than about the situation and circumstances that prevail around such God, the one who actually blesses them !

Some people say 'God takes care of'... Then why they strive to earn and eat? can't they simply sit, ignore everything and wait... as anyhow, ' God takes care ' of everything. No... here they are more optimistic, but in case of rendering similar responsibility towards God and temple institution, they become

pessimistic...what a wonderful escapism !

Taking this as advantage, authorities over there are doing everything as they like.

The responsible devotees, responsible governments, responsible authorities, are ignoring their responsibility. Infact the local Jeeyars have to check the implementations. Now , two Jeeyar Swamijis have assumed their positions. The highly honoured crowning ceremony of Jeeyar Swamijis, which should be conducted with great glory and grand celebration, in a most majestic way such that whole world witnesses it, in spreading the Divine message, was conducted secretly, as if, some unsocial event is conducted, on 11th of May.

However, it is happy that the programme is somehow done. Now it is the high time for them to implement their responsibility of protecting the temple and its original tradition. We don't know how long we have to wait for it !

In general, these days, intrusion by others into Sri Vaishnava Tradition has increased. Most of them are jealous over these Sri Vaishnavas though these people are going along with their own things blessed with the greatest tolerance they have. Everybody can worship their own God in whom they repose faith and there is no need for others to poke their nose into it. These intruders keep quiet with Christians, Muslims, Buddhists, Jains, Sikhs etc., when they worship their Gods. Surprisingly, when Sri Vaishnavas worship their God Lord Sriman Narayana, then they become jealous, impatient !!

If all Gods are same in their opinion, then they can worship like that. Why should they criticise others who worship 'one' deity ? They say that all are same for them. If that is the case, then it is enough if they worship any one ! This much they can't understand.

However, during June 12th and 13th, Sri Vaishnava Parishath, Hyderabad is organising a mega event "Sarva Vaishnava Samgo:shti" , a grand congregation of great Acharyas from North as well as from South of Bharat, under the aegis of HH Sri Vanamamalai Jeeyar Swamiji to discuss about the above topics in addition to many revelations of Sa:sthras and their implementation in the modern day society. About 10 Jeeyar Swamijis and about 200 Mahanths are about to participate in this discussion.

Let us hope that this wonderful congregation greatly illumines and torches the glory of the grand spiritual path to the future in awakening the modern society with the real values and purpose of human birth and its accomplishment. It is a great blessing to have Divine vision (Darsanam) of so many great Divine personalities in a single congregation. We are sure that this congregation presents a vase of wonderful messages to the society in awakening it and also in making them discharge their duties and responsibilities perfectly, as His service.

Let us pray Lord Tirumale:sa for great courage, inspiration and the spark of striking fruitful response, blessed by our Acharyas, in serving Him.

Jai Srimannarayana !
